

## NOTICE

The Distance Education programme of the College shall now include pre-recorded video lessons for topics covered in the Modules being sent. The first of these 'lecturettes' shall be available for most subjects from module Number 4, to be uploaded on 3 June, 2021.

As this is still in the development stage, there are bound to be some difficulties due to technical reasons. Teachers presenting academic matter are still in the process of learning to use the software required.

The College hopes that this will enhance the learning experience of pupils. Kindly note that these 'lecturettes' shall be collated as a Lessons' Library for each class, which can be accessed by the pupil from [lmcacademics.in](http://lmcacademics.in) at any time in the future, for revision.
